

Skype For Business Web App

To join a Skype for Business meeting you do not need to download an app or have an account. Simply join the meeting from the link provided in the email or calendar invitation you received from the organizer.

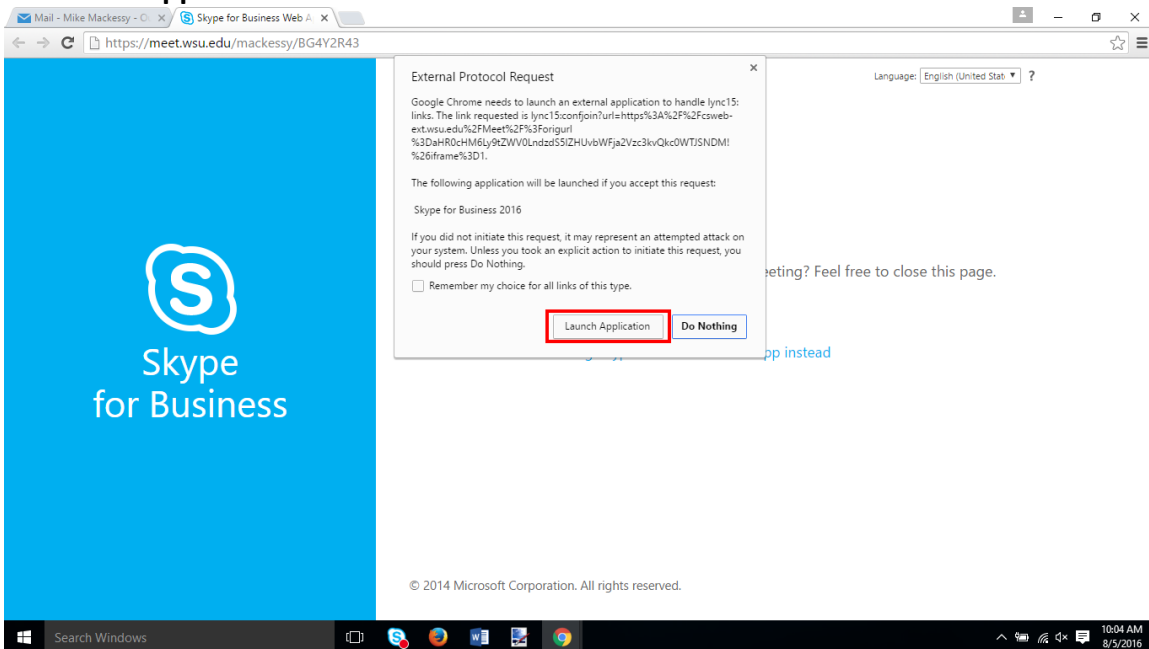

1. Select the **Join Skype Meeting** link

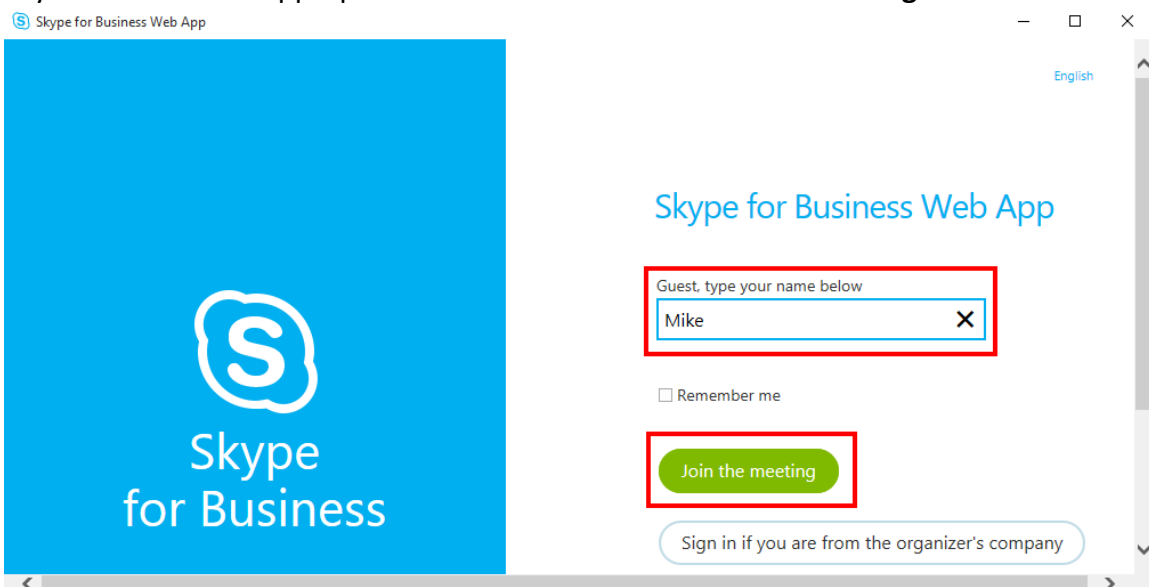

2. Select **Join the meeting**

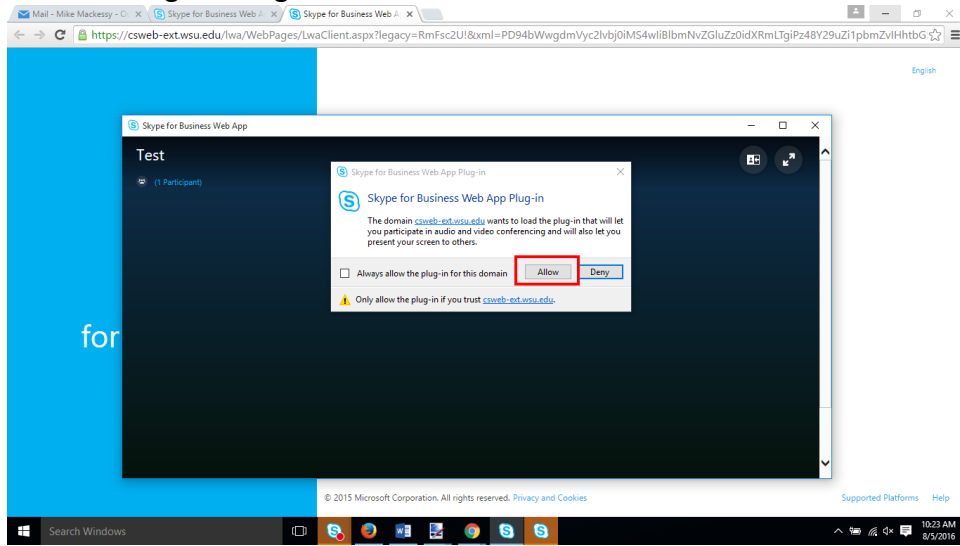

3. Select Launch Application

4. Enter your name in the appropriate field and then select **Join the meeting**

5. Select **Allow** on the Plugin dialog box

6. You have now successfully joined the meeting
